### ***Abourezk Seeks End To CIA Covert Action***

Sen. James Abourezk (D-S.  
D.) introduced an amendment  
yesterday to the Foreign As-  
sistance Act which would abol-  
ish all clandestine operations  
of the Central Intelligence  
Agency.

The measure was prompted

by the recent disclosure in tes-  
timony of CIA Director Wil-  
liam E. Colby that some \$11  
million in covert operating  
money was targeted against  
the late Chilean President Sal-  
vador Allende in the 1964 and  
1970 elections.

seeking support for the meas-  
ure. Abourezk defended the  
intelligence-gathering func-  
tions of the CIA but criticized  
operations which result in  
"assassinations, sabotage, po-  
litical disruptions or other  
meddling in another country's  
affairs...."
